Dear Lennie:

The workshop below has been approved for graduate credit through the University of Sioux Falls:

**EDU\_LCS.1 Customized Learning WCS Part 1**  
Section EDU 539N.1 (Registration Deadline – 02/28/25)

Participants have the opportunity to register for these workshops on-line. This is the safest and most preferred method. They can go directly to <http://reach.usiouxfalls.edu> and search for “LCS” and a list of the most recently approved workshops will be displayed. The registration deadline is listed above. Payment must be made by credit card.

For those registering by check or cash, participants can download the off-campus registration form from <http://reach.usiouxfalls.edu> and submit to me by the dates specified above. The cost per credit hour for an off-campus graduate workshop through the University of Sioux Falls is \$45.

You will now be able to post your grades on-line after the workshop is complete.

If you have any questions, feel free to contact me. Thank you for your continued partnership with USF.

Sincerely,

*Stacy*
